

Newbold Verdon Neighbourhood Plan
Chairs Report for the Parish Council meeting
Monday, 6th January 2019

A quick update on where we are with the finances, the current Big Lottery Funding has been spent and is being finalised and we will be applying for the next and hopefully last Funding to see us to completion.

I have spoken to Ian from AECOM they are just finishing the scoping exercise and will be moving on to the public consultation, he is going to get a colleague to send an update , he is still anticipating a late March finish of the SEA.

Miriam Surtees is organising a meeting with ourselves and the borough Planning department to set a timetable for the NP in order to keep the schedule as tight as possible, giving dates to work to and when possible running some procedures concurrently.

Ed Walsh is Chair of the PC Neighbourhood Plan standing committee who will look to move forward with the community actions.

Regards Heather Davison (Chair)
