

Report of the  
Chair to the Neighbourhood Plan Advisory Steering Committee  
Tuesday 28 05 2020

Dear All

Following our meeting on the 16 04 2020 we have been working towards our goal of rerunning reg 14 as recommended by the examiner.

The official letter to HBBC from the Parish Council was presented on 12 05 2020 , at this stage were able to start the process of organising regulation 14.

Unfortunately on the 23<sup>rd</sup> of May Josie the Parish Clerk reported that in the process of the Parish council moving to a new website, the documents from the old website that housed all the NP documents and appendixes were made unavailable by the old website provider ( the old website was turned off unexpectedly ) leaving Josie the massive task of manually transferring the documentation.

We need to make sure that the new website holds all the relevant documents before we move forward, Josie feels she should be able to do this by 15<sup>th</sup> June 2020 . At which point we can move forward with reg 14.

Regards Heather Davison

Chair Newbold Verdon Neighbourhood Plan Steering committee.
