## Community Facilities

### Reference 9

## **Housing Need and Development Survey**

### **Amenities and Services**

This document contains two charts from the Housing Needs Survey undertaken by Midlands Rural Council in January/February 2017 on behalf of the Neighbourhood Plan Advisory Steering Group.

The results of these charts were used to inform the Steering Group of the services and amenities that Parishioners valued: also, to what degree those amenities and services were meeting their needs.

The second table records the response of Parishioners when asked which services and amenities they felt would be need to be developed should there be significant house building within the parish.

## Which of the following amenities and services presently in the Parish adequately meet your needs?

Total number of returned surveys: 458 Returns – 5 returns skipped this section.
